PROFESSIONAL SUMMARY

Performance-driven **React Native Developer** with 1+ year of hands-on experience in architecting and deploying production-grade cross-platform mobile applications. Expert in **TypeScript, Redux, and React Query** with a proven track record of optimizing onboarding flows to reduce user churn by **30%**. Specialized in building scalable social media and healthcare solutions with real-time features.

TECHNICAL SKILLS

- Languages:** JavaScript (ES6+), TypeScript, Java, Core Java.
- Mobile Development:** **React Native**, Modular Architecture, UI/UX Optimization, App Performance.
- Frontend:** React.js, Redux Toolkit, Redux-Persist, Apollo Client.
- Backend & Real-time:** RESTful APIs, **GraphQL**, Firebase, Socket.IO.
- Databases:** MongoDB, MySQL, Firebase Firestore.
- Tools & Deployment:** Git, GitHub/GitLab, Android Studio, Xcode, Apple App Store, Google Play Console.

PROFESSIONAL EXPERIENCE

React Native Developer <i>Webcreators Pvt. Ltd.</i>	July 2025 Present <i>Zirakpur, India</i>
<ul style="list-style-type: none">Full-Cycle Engineering: Led the development of a cross-platform social media application from scratch for Android and iOS.Real-time Architecture: Integrated Socket.IO for real-time chat functionality and developed custom native modules for video processing and trimming.Data Management: Implemented Redux and React Query to manage complex global states and high-frequency API synchronization.Deployment: Successfully managed the full production release cycle on both the Apple App Store and Google Play Store.	
Frontend Developer - React Native <i>Ambuvians Healthcare Private Limited</i>	Feb 2025 July 2025 <i>Panchkula, India</i>
<ul style="list-style-type: none">Process Optimization: Developed a multi-step E-KYC onboarding flow, which directly reduced user onboarding time by 30%.UI/UX Redesign: Led the redesign of the "AmbuRakshak" Patient and Driver modules, enhancing mobile usability and workflow efficiency.Component Engineering: Built customized navigation drawers and interactive profile modules to improve user engagement.	
Front-End Developer - React Native <i>Advisome Infotech</i>	Sept 2024 Nov 2024 <i>Remote</i>
<ul style="list-style-type: none">Scalable Codebase: Developed frontend features using TypeScript to ensure strong type safety and long-term maintainability.GraphQL Integration: Integrated Apollo Client and Persist Gate to improve app performance and state consistency across sessions.	

KEY PROJECTS & ACHIEVEMENTS

Shopify Mobile Ecosystem (Luxe Fashion) React Native, GraphQL	
<ul style="list-style-type: none">Developed scalable mobile features using GraphQL and Redux-Persist for high-traffic e-commerce storefronts.Designed reusable banner systems and modal components to streamline UI development across multiple client apps.	
Full-Stack Java Spring Boot Application Java, Spring Boot, REST	
<ul style="list-style-type: none">Engineered a RESTful CRUD application following OOP principles, featuring a mobile-responsive React Native frontend.	

EDUCATION

B.Tech in Electrical Engineering <i>M.J.P. Rohilkhand University</i>	2016 2020 <i>Bareilly, UP</i>
Senior Secondary (XII) & High School (X) <i>Children Senior Secondary School (CBSE)</i>	2012 2014 <i>Azamgarh, UP</i>
